Exit the M4 at junction 19 and join the M32.

Continue to the end of the M32 (junction 3) and the dual carriageway that it becomes (A4032), and follow the signs for the city centre. You will pass through several sets of traffic lights before arriving at a large roundabout - St James Barton roundabout.

At the roundabout take the 3rd exit right (a building bridges across the road) following signs for the A38.

You are now on the A38 - Stokes Croft. Continue along Stokes Croft which after a short distance runs into Cheltenham Road. There are many sets of traffic lights along this road, continue until you arrive at the traffic lights just before the large railway arches.

At these lights turn left into Cotham Brow.

Take the second turning on the right into Eastfield Road.

You will find us in the large red brick building at the end of the road on the left. We have a small car park, or there is usually on street parking close by.
